

## BIBLIOGRAFIA OFTALMOLÓGICA

A Biblioteca Regional de Medicina OMS/OPAS, da Escola Paulista de Medicina, de acordo com a Direção desta Revista segue a publicação de uma série de bibliografias sobre tópicos desta especialidade.

Os profissionais que se interessarem por alguns dos artigos que figuram nas bibliografias, e que não consigam encontrá-los nas bibliotecas de sua instituição, região ou país poderão obtê-lo através do sistema de empréstimos interbibliotecas da Biblioteca Regional de Medicina, à Rua Botucatu, 862, Vila Clementino — 04023 São Paulo, Brasil. Telefone: 71-0611. Telex: SPO 021922.

**Bibliografia sobre:** FOTOCOAGULAÇÃO DA RETINA

**Fontes pesquisadas:** BIREME/MEDLINE

- 01 — ABRAHAM, R. K. — Combined (Almost Simultaneous) fluorescein angiography and photocoagulation. *Mod. Probl. Ophthalmol.* **10**:129-132, 1972.
- 02 — AMALRIC, P. — (Surgical treatment of diabetic retinopathy. 12 years' experience). *Mod. Probl. Ophthalmol.* **10**:644-651, 1972).
